

Program SSAI 2017

Plenary session	Intensive care	Anaesthesia and periop medicine	General subjects
Pain	Emergency Crit Medicine	Special anaesthesia and intens care	Research, publication & teaching

Wednesday September 6th

Room	A+B	C	D	E	Exhibition area/Conference area
07.30 - 09.00 Registration & Coffee					
09.00 - 10.30	<p>Prehospital cardiac care – what can we do to improve survival? Chairs: Malin Rundgren and Hans Flaatten</p> <p>Timely and adequate allocation of prehospital medical assistance to cardiac arrest patients - how to do it? Theresa Olavsvengen (NO)</p> <p>How to optimize care for the cardiac arrest patient in the prehospital setting? Jacob Hollenberg (SE)</p> <p>Should we transport patients in cardiac arrest to the hospital or stay on scene? PRO-CON Hans Friberg (SE) and Sten Rubertsson (SE)</p> <p>Prehospital ECMO - when and how? Lionel Lamhaut (FR)</p>	<p>Ultrasound-guided nerve blocks and effects of regional anaesthesia Chair: Luis Romundstad</p> <p>TAP blockade - what's new? Clas Mangelus (SE)</p> <p>Update on regional anaesthesia for breast surgery Michael Herrick (USA)</p> <p>SFAI subcommittee for regional anaesthesia</p>	<p>News in coagulation Chairs: Vibeke Moen and Ulf Schött</p> <p>When is it safe to do regional anaesthesia? Birgitta Romlin (SE)</p> <p>Challenging Fenger-Eriksen (DK)</p> <p>Blending in paediatric surgery - case presentations. Max Bell (SE)</p> <p>Endotheliopathy in acute critical illness. Par I Johansson (DK)</p> <p>When not to simplify haemostasis management. Case presentations. Anna Agren (SE)</p> <p>Critical bleeding state of the art Jakob Stensballe (DK)</p>	<p>Improving outcome through audit and quality register - A Scandinavian perspective Chairs: Ritra Kliski-Berggren and Sten Walther</p> <p>The essential prerequisites for any quality register: data quality Reider Kvile (NO)</p> <p>How to use quality register data for quality improvement Matt Reinikainen (FIN)</p> <p>Differences between Nordic quality registers Steffen Christensen (DK)</p> <p>Using quality registers for research Carolina Samuelsson (SE)</p> <p>Swedish intensive care registry</p>	<p>Art exhibition 08.00 - 16.30 Hans Huldt (SE) Lena Gamrin-Gripenberg (SE) Gunilla Islander (SE) and others</p> <p>Medical history Gunilla Islander (SE)</p> <p>Workshop 09.00-16.30 Haemodynamics and echocardiography. Chair: Fredrik Berthelsen</p> <p>Posters 18-24: General Anaesthesia and Perioperative Medicine Chair: Saren Pischke</p> <p>Posters 25-32: Neurosurgical Anaesthesia and Intensive Care Chair: Ulf Schött</p> <p>Posters 33-41: SSAI Education Program in Obstetric Anaesthesia Chair: Vegard Dahl</p>
10.30-10.50 Coffee & exhibition					
10.50 - 11.30	<p>The SSAI & SFAI 2017 welcome address Mikael Bodelsson, Jonas Åkeson, Sigridur Kalman, Martin Holmer</p> <p>Launch of the new SSAI logo Saren Pische</p> <p>Scandinavian industry grant Miklós Lipcsey</p>				<p>Workshop Continue.</p>
11.30 - 12.10	<p>The Asmund Laerdal Memorial Lecture: Introduction by Mikael Bodelsson</p> <p>Deconstructing fluid resuscitation in African children: a forensic analysis of the FEAST trial Kathryn Maitland, London (UK)</p>				
12.10-13.30 Lunch & exhibition					
13.30 - 15.00	<p>Ketamine – current practice and emerging concepts Chairs: Jan Persson and Jonas Åkeson</p> <p>Analgesia – mechanisms and current practice Jan Persson (SE)</p> <p>Anaesthesia – mechanisms and current practice Jonas Åkeson (SE)</p> <p>Mechanisms for therapeutic management of depressive disorders Anders Tingström (SE)</p> <p>Clinical use in major depression Mats Lindström (SE)</p>	<p>Data driven perioperative quality improvement: The new frontier! Chairs: Martin Holmer and Brian Sites</p> <p>The Swedish Perioperative Register (SPOR) Clas Mangelus (SE)</p> <p>Using quality registers to improve perioperative outcomes; an international perspective Rupert Pearce (UK)</p> <p>Using SPOR data to improve patient care Gunnar Enlund (SE)</p> <p>Swedish perioperative outcomes research Michelle Chew (SE)</p> <p>The Swedish perioperative registry (SPOR)</p>	<p>Acute kidney injury Chairs: Max Bell and David Piroos</p> <p>Long time survival and morbidity after CRRT Claire Rimes-Stigare (SE)</p> <p>Postoperative AKI Max Bell (SE)</p> <p>Earlier vs later CRRT Johan Mårtensson (SE)</p> <p>The RRT catheter – placement comes first Miklós Lipcsey (SE)</p> <p>Phosphate and magnesium ions in critical illness Marcus Broman (SE)</p>	<p>Mass casualties Chairs: Gunilla Islander and Sten Rubertsson</p> <p>Experiences from the Paris attacks November 13th 2015 Pierre Carli (FR)</p> <p>Experiences from the Brussels attacks March 22nd 2016 Elkana Keersebilck (BE)</p> <p>What should I know about chemical weapons on trauma care in Norway – data, achievements and lessons learned Torben Wisborg (NO)</p> <p>TEMS - Tactical Emergency Medical Service - Is this a new path we need to implement? Peter Berlac (DK)</p> <p>The European trauma course – the team approach. Why is this the right course for anesthesiologists? Karl Christian Thies (UK)</p>	<p>Workshop Continue.</p> <p>Poster sessions 13.30 - 15.00</p> <p>Posters 1-8: Cardiovascular Anaesthesia Chair: Fredrik Berthelsen</p> <p>Posters 18-24: General Anaesthesia and Perioperative Medicine Chair: Saren Pischke</p> <p>Posters 25-32: Neurosurgical Anaesthesia and Intensive Care Chair: Ulf Schött</p> <p>Posters 33-41: SSAI Education Program in Obstetric Anaesthesia Chair: Vegard Dahl</p>
15.00-15.30	<p>Lund University 350 year celebration lecture (14.40 - 15.10) Introduction by Jonas Åkeson</p> <p>The importance of finding the way Edvard Moser, Trondheim (NO)</p> <p>2014 Nobel Prize Laureate in Physiology or Medicine</p>				
15.30 - 16.30	<p>Critical conditions in a global perspective Chairs: Claes Frostell and Elin Björnstad</p> <p>Sepsis management in resource-limited hospitals in Africa Kathryn Maitland (UK)</p> <p>Collaboration with a resource-limited region in Africa: Milestones and challenges Dar Es Salaam versus Stockholm</p> <p>The anaesthesiologist's perspective Lars Irestedt (SE)</p> <p>The paediatrician's perspective Viveka Nordberg (SE)</p>	<p>Perioperative Medicine saves lives, why, how and what are YOU doing about it? Chairs: Suzanne Odeberg-Wernerman and Sven Erik Gissvold</p> <p>Introduction to the concept "Perioperative" Sven Erik Gissvold (NO)</p> <p>Why perioperative medicine? How it changes outcome Rupert Pearce (UK)</p> <p>How should we do it? Hot topics in perioperative research Michelle Chew (SE)</p> <p>What are we doing about it? Inspiring and implementing change Anna Cedborg (SE)</p> <p>SSAI educational program for perioperative medicine and management</p>	<p>Paediatric anaesthesia and web-based learning Chairs: Joseph Cravero and Pertti Suominen</p> <p>SAFEIOS Torsten Lauritsen (DK)</p> <p>Web-based learning in paediatric anaesthesia – an educational project from ESPA and SSAI Mathias Johansen (DK)</p> <p>SSAI educational program in paediatric anaesthesia and intensive care and the SFAI subcommittee on paediatric anaesthesia and intensive care</p>	<p>Prehospital emergency critical care and trauma Chairs: Lars Rasmussen and Theresa Olavsvengen</p> <p>Trauma Care: Implementing a national program on trauma care in Norway – data, achievements and lessons learned Torben Wisborg (NO)</p> <p>TEMS - Tactical Emergency Medical Service - Is this a new path we need to implement? Peter Berlac (DK)</p> <p>The European trauma course – the team approach. Why is this the right course for anesthesiologists? Karl Christian Thies (UK)</p>	<p>Workshop Continue.</p> <p>Poster sessions 15.30 - 16.30</p> <p>Posters 42-45: Pain Chair: Jan Persson</p> <p>Posters 9-17: Paediatric Anaesthesia and Intensive Care Chair: David Costi</p> <p>15.30 - 16.30</p> <p>Posters 9-17: General Anaesthesia and Perioperative Medicine Chair: Andreas Harsten</p>
16.40 - 17.30	<p>The Martin H:son Holmdahl Lecture Introduction by Sten Rubertsson</p> <p>Safe and effective surgery: everyone's job? Rupert Pearce, London (UK)</p>				
17.30-19.30 Get-together party. Exhibition area.					

Thursday September 7th

Room	A+B	C	D	E	Julia	Exhibition area/Conference area	
07.30 - 08.00 Registration							
08.00 - 09.30	<p>Life after critical illness and what we can do to make it better Chairs: Gisela Lilja and Christian Rylander</p> <p>Introduction Christian Rylander (SE)</p> <p>Multiple interventions in the ICU – are they worthwhile? Janet Froulund Jensen (DK)</p> <p>ICU delirium-critical factors and liberation bundles Pratik Pandharipande (USA)</p> <p>Can we identify vulnerable ICU patients in need of support after ICU discharge? Anna Milton (SE)</p> <p>What you get is what you ask for – a specific follow-up questionnaire Johan Malmgren (SE)</p>	<p>OR management Chairs: Martin Holmer and Eva Oddy-Muhrbeck</p> <p>Evidencebased leadership – learning, what does that mean? Carl Savage (SE)</p> <p>Implementing perioperative pathways in emergency surgery in the elderly Nicolaï Bang Foss (DK)</p> <p>SFAI subcommittee for operation room management</p>	<p>Earlier detection and management of clinical deterioration – a matter of patient safety Chairs: Malin Rundgren and Jonas Åkeson</p> <p>Promoting patient safety outside the operating or intensive care room Sven Erik Gissvold (NO)</p> <p>Reducing hospital mortality by systematic early warning scoring Gitta Burkenborg (DK)</p> <p>Medical emergency teams – do they matter? Andreas Hvarfner (SE)</p> <p>Panel discussion</p>	<p>Advances in pharmacology and toxicology I - use, abuse and misuse Chairs: Gunilla Islander and Jan Persson</p> <p>The challenge of new party drugs Kai Knudsen (SE)</p> <p>The American opioid crisis Brian Sites (USA)</p> <p>How to relax before and after rapid sequence induction Malin Jonsson Fagerlund (SE)</p> <p>Current and future paediatric use of ultra-long acting local anesthetics Joseph Cravero (USA)</p>			<p>Poster sessions 08.00- 09.30</p> <p>Posters 53-59: SSAI Education Program in Paediatric Anaesthesia and Intensive Care Chair: Pertti Suominen</p> <p>Posters 60-67: Airway and Respiration Chair: Anders Larsson</p> <p>Posters 68-75: Critical Emergency Medicine Chair: Torben Wisborg</p> <p>Workshop 08.00-11.00</p> <p>Perioperative Hypnosis Allan Cyna (AUS)</p> <p>Workshop A 08.00-09.30</p> <p>The Difficult Airway Bruno Enekvist (SE) Karolina Persson (SE) Louise Walther-Sturesson (SE)</p>
09.30-10.00 Coffee & exhibition							
10.00 - 11.00	<p>Basics and secrets of protective ventilation Chairs: Mikael Bodelsson and Michael Haney</p> <p>Transpulmonary driving pressure determined by a PEEP step – a new simple method for separating lung and chest wall mechanics Ola Stenqvist (SE)</p> <p>The new PEEP step method for transpulmonary pressure – too good to be true? Paolo Pelosi (IT)</p> <p>The way I do it Anders Larsson (SE)</p>	<p>News in out-patient anaesthesia Chairs: Lars Rasmussen and Malin Jonsson Fagerlund</p> <p>Post-discharge pain management in out-patient surgery. Old problem, new solutions. Anil Gupta (SE)</p> <p>Post-discharge issues beyond pain in out-patient surgery Johan Reeder (NO)</p> <p>PRO-CON debate: Should the definition of day surgery be extended up to 24-hours admission? PRO: Anil Gupta (SE) CON: Johan Reeder (NO)</p>	<p>Preparing medical students for rapid bedside action Chairs: Lil Blomqvist and Jonas Åkeson</p> <p>Graduate teaching and training of urgent bedside management Owain Thomas (SE)</p> <p>What should a severely deteriorated patient expect from a junior doctor? Peter Svensson (SE)</p> <p>Undergraduate teaching, training and examination of urgent bedside management Jonas Åkeson (SE)</p> <p>Panel discussion</p>	<p>Advances in pharmacology and toxicology II Chairs: Thomas Kander and Ingrid Didriksson</p> <p>Alcohol and treatment in the ICU Johanna Hästbacka (SE)</p> <p>Nonsedation – experimental or routine? Palle Toft (DK)</p> <p>Antibiotics - the right dose, to the right patient, right now! Fredrik Sjöval (SE)</p>			<p>Poster sessions 10.00 - 11.00</p> <p>Posters 79-81: General Anaesthesia Chair: Johan Lundberg</p> <p>Posters 82-86: Obstetric Anaesthesia and Intensive Care Chair: Susanne Ledin-Eriksson</p> <p>Posters 87-91: Regional Anaesthesia Chair: Luis Romundstad</p> <p>The Difficult Airway Bruno Enekvist (SE) Karolina Persson (SE) Louise Walther-Sturesson (SE)</p>
11.10 - 12.10	<p>Torsten Gordh State-of-the-Art Lecture 2017: Introduction by Lars I Eriksson</p> <p>Big data versus the RCT Derek Angus, Pittsburgh (USA)</p>					<p>Art exhibition 08.00 - 17.00 Hans Huldt (SE) Lena Gamrin-Gripenberg (SE) Gunilla Islander (SE) and others</p> <p>Medical history Gunilla Islander (SE)</p>	
12.10-13.30 Lunch & exhibition							
13.30 - 15.00	<p>Controversies in fluid therapy Chairs: Derek Angus and Anders Holmström</p> <p>Basic science of fluid therapy Robert Hahn (SE)</p> <p>Is there evidence for any fluid therapy in critically ill Anders Perner (DK)</p> <p>Is there a place for colloids in resuscitation of the critically ill? Peter Bentzer (SE)</p>	<p>Fast track surgery I Chairs: Johan Lundberg and Vibeke Moen</p> <p>General or regional anaesthesia in orthopaedic surgery Andreas Harsten (SE)</p> <p>Why in PACU? Eske Kvanner Asvang (DK)</p> <p>The way forward Henrik Kehlet (DK)</p> <p>SSAI program in obstetric anaesthesia and intensive care</p>	<p>SSAI 2017 - Best Abstract Competition and Presentations Chairs: Michael Haney and Jonas Åkeson</p> <p>Nina Vibeche Skei (NO)</p> <p>Goran Lovric (CH)</p> <p>Karen Louise Ellekjær (DK)</p> <p>Anna-Karin Strand (SE)</p> <p>Michael Kremke (DK)</p> <p>Kimberly Macala (CA)</p> <p>The audience is here to vote for the best oral presentation on site.</p> <p>SSAI & ACTA Anaesthesiologica Scandinavica</p>	<p>Expanding borders in cardiac arrest trials Chairs: Nicole Juffermans and Hans Friberg</p> <p>What are the optimal O₂ and PCO₂ targets during and after cardiac arrest? Markus Skrifvars (FIN)</p> <p>Prolonged or deeper cooling after cardiac arrest Hans Kirkegaard (DK)</p> <p>Lessons from the TTM-trial and planning for the next Niklas Nielsen (SE) Tobias Cronberg (SE) Gisela Lilja (SE)</p>	<p>What could we all learn from recent scandals in health care? Chair: Carolina Samuelsson</p> <p>The whistle blowers Karl-Henrik Grinnemo (SE)</p> <p>The Macchiarini investigation Bengt Gerdin (SE)</p> <p>Macchiarini - a journalist's view Bo Lindqvist (SE)</p> <p>A professor's view on patient safety Hans Rutberg (SE)</p> <p>SFAI subcommittee for young anaesthesiologists (SYA)</p>		<p>Poster sessions 13.30 - 15.00</p> <p>Posters 92-99: Clinical Monitoring Chair: Stefan Lundin</p> <p>Posters 100-107: Intensive Care Medicine Chair: Johan Persson</p> <p>Posters 108-114: SSAI Education Program in Obstetric Anaesthesia Chair: Birgitta Birgisdottir</p> <p>Workshop A 13.30-15.00</p> <p>Ultrasound guided nerve blocks Michael Herrick (USA) Jan-Erik Kull (SE)</p>
15.00-15.30	<p>Acute pain Chairs: Audun Stubhaug and Brian Sites</p> <p>The SSAI pain educational program through 15 years Niels-Henrik Jensen (DK)</p> <p>Acute pain after surgery - lessons learned from the last decade Stephan Schug (AUS)</p> <p>Perioperative opioid treatment - the crucial importance of timing Audun Stubhaug (NO)</p> <p>Acute neuropathic pain Stephan Schug (AUS)</p> <p>SSAI pain educational program</p>						
15.30 - 17.00	<p>Fast track surgery II Chairs: Johan Lundberg and Vibeke Moen</p> <p>General or regional anaesthesia in orthopaedic surgery Andreas Harsten (SE)</p> <p>Why in PACU? Eske Kvanner Asvang (DK)</p> <p>The way forward Henrik Kehlet (DK)</p> <p>SSAI program in obstetric anaesthesia and intensive care</p>	<p>Clinical research – from idea to publication to implementation Chairs: Jon Henrik Laake and Ann Møller</p> <p>How to conduct high-quality clinical research? Anders Perner (DK)</p> <p>Challenges in clinical research Niklas Nielsen (SE)</p> <p>Why are most clinical research findings not spectacular? Morten Hylander Møller (DK)</p> <p>Does clinical research help me take care of my patient? Derek Angus (USA)</p> <p>SSAI clinical practice committee</p>	<p>Postoperative diuresis - should we even care? Chairs: Hans Hjeltnqvist and Magnus Iversen</p> <p>Intraoperative determinants of postoperative decline in renal function Pater Noordzij (NL)</p> <p>Fluids at the PACU - the easy way out? Max Bell (SE)</p> <p>Diuresis - facts, fiction and future Mareike Körber (GE)</p> <p>SFAI subcommittee for post-operative care medicine</p>			<p>Poster sessions 15.30 - 17.00</p> <p>Posters 115-121: Airway and Respiration Chair: Sven Erik Gissvold</p> <p>Posters 122-129: Intensive Care Medicine Chair: Johan Undén</p> <p>Posters 130-138: SSAI Education Program in Cardiothoracic and Vascular Anaesthesia Chair: Andreas Nygren</p> <p>Workshop B 15.30-17.00</p> <p>Ultrasound guided nerve blocks Michael Herrick (USA) Jan-Erik Kull (SE)</p>	
19.00-01.00 Banquet at Malmö Live - Dag Hammarskjölds Torg 2, Malmö city centre							

Friday September 8th

Room	A+B	C	D	E	Julia	Exhibition area/Conference area	
07.30-08.00 Registration & Coffee							
08.00 - 09.30	<p>he Acta Session - scientific concerns Chairs: Michael Haney and Sven Erik Gissvold</p> <p>Challenging clinical trials: Why doesn't early goal-directed therapy work? Derek Angus (USA)</p> <p>Does the anaesthesiologist make a difference? A tricky example with a retracted article Andrew Klein (UK)</p> <p>Spins, lies and truths - observational data in medicine and anaesthesiology Brian Sites (USA)</p> <p>The editorial board of Acta Anaesthesiologica Scandinavica</p>	<p>What's new in Caesarean? Chairs: Johanna Sarveila and Vegard Dahl</p> <p>Should we abandon succinylcholine and pentothal in GA Caesarean delivery Antti Väänänen (FIN)</p> <p>What is, or is there, a place for fast track/ERAS in Caesarean delivery Ulla Bang (DK)</p> <p>Post Caesarean analgesia - an update Kim Ekelund (DK)</p> <p>SSAI program in obstetric anaesthesia and intensive care</p>	<p>ARDS Chairs: Hilde Norum and Andreas Nygren</p> <p>Physiology/pathophysiology of ARDS and conventional ventilator therapy - protective ventilation Jon Henrik Laake (NO)</p> <p>Adjuvant therapy and advanced mechanical ventilation Steffen Christensen (DK)</p> <p>ECMO - indications and concerns Jacob Greisen (DK)</p> <p>Discussion</p> <p>SSAI educational program in cardiothoracic and vascular anaesthesia</p> <p>SFAI subcommittee for general anaesthesia</p>	<p>Update in clinical monitoring Chairs: Michelle Chew and Preben Berthelsen</p> <p>Prehospital ECHO Per Bredmose (NO)</p> <p>In-hospital ECHO Lili Blomqvist (SE)</p> <p>Monitoring CBF and ICP Peter Reinstrup (SE)</p> <p>New monitoring techniques to assess composition of alveolar gases Emilie Krite Svanberg (SE)</p>	<p>Oxygen fraction during surgery Chairs: Lars Rasmussen and Anders Larsson</p> <p>Should we use a high oxygen fraction to decrease surgical site infection rate? Christian Meyhoff (DK)</p> <p>Pulmonary complications are associated with intraoperative oxygen fraction. Anne Kathrine Støhr Rye (DK)</p>		<p>Poster sessions 08.00 - 09.30</p> <p>Posters 139-146: Critical Infections and Vascular Access Chair: Jonas Åkeson</p> <p>Posters 147-154: General Anaesthesia Chair: Luis Romundstad</p> <p>Posters 155-162: Intensive Care Medicine Chair: Hans Flaatten</p> <p>Art exhibition 08.00-13.30 Hans Huldt (SE)</p> <p>Medical history Gunilla Islander (SE)</p> <p>Workshop 08.00-12.00</p> <p>Free Open Access Medication - FOAM Sandra Viggers (DK)</p>
09.30-10.00 Coffee & exhibition							
10.00 - 11.00	<p>History of Scandinavian anaesthesia and intensive care medicine Chair: Sigridur Kalman</p> <p>Honorary lecture: Reflexions by the first president of the modern SSAI:</p> <p>Looking back, ahead and around Sten Lindahl (SE)</p> <p>SSAI and the Swedish Society of Anaesthesiology and Intensive Care (SFAI)</p>	<p>The frail parturient Chairs: Susanne Ledin-Eriksson and Birgitta Birgisdottir</p> <p>Pulmonary hypertension in pregnancy Ölöf Viktorsdóttir (IS)</p> <p>Neuromuscular disease and pregnancy Gunilla Islander (SE)</p> <p>SSAI educational program in obstetric anaesthesia and intensive care</p>	<p>Anaesthesia and over less uncommon conditions Chairs: Stefan Lundin and Suzanne Odeberg-Wernerman</p> <p>Anaesthesia to liver transplanted patients and patients with liver disease Anna Januszkiwicz (SE)</p> <p>Update on GUCH for anaesthesiologists Ulf Thilen (SE)</p> <p>SFAI subcommittee for general anaesthesia</p>	<p>Perioperative management of patients with Obstructive Sleep Apnea Syndrome (OSAS) Chairs: Morten Hylander and Johan Persson</p> <p>Is perioperative screening for OSAS needed? Malin Jonsson Fagerlund, (SE)</p> <p>Perioperative treatment of sleep apnoea Karl Franklin (SE)</p> <p>How to evaluate patients with OSAS postoperatively Stephan Schwager (SE)</p> <p>SFAI subcommittee for ENT and reconstructive anaesthesia and intensive care</p>			<p>Workshop Continue.</p>
11.10 - 12.10	<p>Acta Anaesthesiologica Scandinavica Foundation Introduction by Michael Haney</p> <p>Prize giving ceremony. Best abstract competition.</p> <p>The ACTA Lecture: Anaesthesia in women and women in anaesthesia Elise Tannesen, Aarhus, (DK)</p>						
12.10-13.30 Lunch & exhibition							
13.30 - 15.00	<p>Critical infections Chairs: Michelle Chew and Fredrik Sjövall</p> <p>Sepsis-3 Derek Angus (USA)</p> <p>Coating of sepsis patients Morten Bestle (DK)</p> <p>New diagnostic tools Adam Linder (SE)</p> <p>Hyper- and hypocoagulopathy in sepsis - the do's and don'ts! Nicole Juffermans (NL)</p>	<p>Basic science and recent findings in Scandinavian obstetric anaesthesia research Chairs: Elin Björnstad and Kim Ekelund</p> <p>Remifentanyl in labour analgesia – where are we in 2017 – an update Vegard Dahl (DK)</p> <p>Fibrinogen, haemostasis and postpartum haemorrhage Ove Karlsson (SE)</p> <p>Hyponatremia complicating labour, implications for mother and fetus Vibeke Moen (SE)</p> <p>SFAI subcommittee for obstetric anaesthesia and intensive care</p>	<p>Perioperative management and long-term outcome in paediatric anaesthesia Chairs: David Costi and Sten Lindahl</p> <p>Young brains and anaesthesia – how big are the risks? Pia Glatz (SE)</p> <p>Chronic postoperative surgical pain in children Ulla Caverius (SE)</p> <p>Big data in paediatric anaesthesiology Joseph Cravero (USA)</p>	<p>Presentations by recipients of research grants and scientific awards Chairs: Christina Eintrei and Miklós Lipcsey</p> <p>SSAI research grant: Elin Thorlacius Christian Meyhoff Sören Marker Jensen</p> <p>Acta Foundation award for best Swedish PhD thesis 2017: Lena Sand Bown</p> <p>Acta Foundation award for the best Research Forum 2017: Per Möller</p>	<p>Social media and FOAM (Free Open Access Medication) - education and research today, a new era Chairs: Saren Pische and Louise Hammer Yndigegn</p> <p>Good old internet Gunilla Islander (SE)</p> <p>Social media in daily working life – more than checking gossip? Per Bredmose (NO)</p> <p>FOAM – am I already using it? Can I become a FOAMer? Sandra Viggers (DK)</p> <p>Panel discussion: Critical appraisal of sources for information – publishing study results in the FOAM community instead of scientific journals Tor Inge Tannessen (NO), Mads Astvad (DK), Sandra Viggers (DK), Per Bredmose (NO)</p>		
15.00-15.30	<p>Hot Topics Chairs: Jonas Åkeson and Christina Eintrei</p> <p>Does anaesthesia affect patient outcome in malignant disease? Mats Enlund (SE)</p> <p>Anaesthesia for endovascular treatment in acute ischaemic stroke Mads Rasmussen (DK)</p> <p>No ventilation – yet full oxygenation Åsa Lodénus (SE)</p> <p>Does anaesthesia promote development of dementia? Christina Eintrei (SE)</p> <p>Pre-operative fasting – to be or not to be? Peter Frykholm (SE)</p> <p>SFAI subcommittee for teaching and research (SFAI-UF)</p>						
15.30 - 17.00	<p>The SSAI ICM training program - why is anaesthesia not enough? Chairs: Morten Bestle and Gisl Sigurdsson</p> <p>The SSAI ICM program, present and future perspectives Gisl H Sigurdsson (IS)</p> <p>Why do we need extra training in intensive care medicine? Hans Flaatten (NO)</p> <p>How did my participation in the SSAI ICM program affect my professional career? Christian Rylander (SE)</p> <p>SSAI educational program in intensive care medicine</p>	<p>Psychological aspects in paediatric anaesthesia Chairs: Ulla Caverius and Pertti Suominen</p> <p>Needle phobia Allan Cyna (AUS)</p> <p>New methods of measuring quality of paediatric sedation Joseph Cravero (USA)</p> <p>Emergence agitation David Costi (AUS)</p>
