

NCI 2023 program

Day 1, April 25th, 2023

9.30-10.00	Coffee and registration
10.00-11.55	Session 1: Chronic coronary syndrome; How to investigate according to the current guidelines <i>Chairs: Ellen Ostenfeld & Morten Böttcher</i>
	Update in the ESC guidelines <i>Juhani Knuuti (Turku, Finland)</i> Real life experience based on the Swedeheart -registry <i>Tomas Jernberg (Stockholm, Sweden)</i> What is the role of coronary CT angiography? <i>Bjarne Linde Nørgaard (Aarhus, Denmark)</i> Myocardial perfusion imaging; What is new? <i>Henrik Engblom (Lund, Sweden)</i> MINOCA; what, why and how? <i>Chiara Bucciarelli-Ducci (London, United Kingdom)</i> Stress echo in coronary artery disease: State of the art <i>Eugenio Picano (Pisa, Italy)</i>
11.55-12.40	Lunch
12.40-14.10	Session 2: Valvular heart disease from an imaging perspective <i>Chairs: Frank Flachskampf & Bjørnar Grenne</i>
	Transcatheter or surgical aortic valve replacement for low risk patients; The cardiologist perspective <i>Andreas Rück (Stockholm, Sweden)</i> Transcatheter or surgical aortic valve replacement for low risk patients; The cardiac surgeon perspective <i>Henrik Bjursten (Lund, Sweden)</i> Tricuspid regurgitation surgery; Choosing the right patients <i>Per Wierup (Lund, Sweden)</i> Tricuspid regurgitation clip; Choosing the right patients <i>Jesper Khedri Jensen (Aarhus, Denmark)</i> Mitral regurgitation; Minimal invasive surgery <i>Per Wierup (Lund, Sweden)</i> Mitral regurgitation; Catheter intervention, more than just a clip <i>Suvi Tuohinen (Helsinki, Finland)</i>
14.10-15.10	Coffee & moderated posters <i>Chairs: Frank Flachskampf & Morten Böttcher</i>
15.15-16.45	Session 3: Best thesis from the National Societies <i>Chair: Morten Böttcher</i>
	Norway - Risk stratification and management of patients with right ventricular arrhythmias <i>Øyvind Li (Norway)</i> Sweden - Connecting CMR and Physiology; Expanding the capabilities of cardiovascular magnetic resonance in quantifying physiology <i>Felicia Seemann (Lund, Sweden)</i> Denmark - "DECIDE: The Role of Cardiovascular Magnetic Resonance Imaging in Assessment of Right Heart Adaption in Pulmonary Arterial Hypertension" <i>Christoffer Göransson (Copenhagen, Denmark)</i> Finland - "Combined use of PET perfusion imaging and coronary computed tomography angiography in evaluation of CAD" <i>Teemu Maaniitty (Turku, Finland)</i> Iceland - "Hypertrophic Cardiomyopathy in Iceland. A nationwide genotype-phenotype study" <i>Berglind Adalsdóttir (Reykjavik, Iceland)</i>

NCI 2023 program

Day 1, April 25th, 2023

16.50-18.20	Session 4: Imaging in right ventricular disease Chairs: Berglind Aðalsteinsdóttir & Anne-Sophie Sillesen
	RV remodeling in athletes; Where to draw the line <i>Katarina Steding-Ehrenborg (Lund, Sweden)</i> Atrial septal defects; What and when of clinical relevance? <i>Niels Vejlstrup (Copenhagen, Denmark)</i> Tetralogy of Fallot; How should we assess them and why? <i>Philipp Beerbaum (Hannover, Germany)</i> Pulmonary arterial hypertension; What should we be looking for? <i>Ellen Ostenfeld (Lund, Sweden)</i> Guidance of chronic thromboembolic pulmonary hypertension treatment <i>Asger Andersen (Aarhus, Denmark)</i>
19.15-	Dinner

Day 2, April 26th, 2023

08.30-09.45	Session 5: Systemic disease; When imaging is the game changer of treatment Chairs: Bjørnar Grenne & Berglind Aðalsteinsdóttir
	Cardio-oncology <i>Sebastian Imre Sarvari (Oslo, Norway)</i> Diastolic dysfunction and HFpEF <i>Frank A. Flachskampf (Sweden/Germany)</i> Amyloidosis <i>Per Lindqvist (Umeå, Sweden)</i> Endocarditis <i>Jan Otto Beitnes (Oslo, Norway)</i>
09.45-10.00	Session 6: Sponsors: Future Perspectives Chair: Ellen Ostenfeld
	Silver sponsor: Acarix
10.00-10.15	Coffee
10.15-11.45	Session 7: Multimodal imaging in arrhythmia Chairs: Ellen Ostenfeld & Anne-Sophie Sillesen
	Arrhythmogenic right ventricular cardiomyopathy <i>Kristina H. Haugaa (Stockholm, Sweden)</i> Left ventricular tachycardia ablation <i>Katja Zeppenfeld (Leiden, Netherlands & Aarhus, Denmark)</i> Atrial arrhythmia and left atrial appendage occluder <i>Jacob Odenstedt, (Göteborg, Sweden)</i> Sudden cardiac death and arrhythmia in adult congenital heart disease <i>Peder Sörensson (Stockholm, Sweden)</i> Cardiac resynchronisation therapy and ICD <i>Jens-Uwe Voigt (Leuven, Belgium)</i>
11.45-12.00	Closing remarks
