

## **Diego Coglitore – Short Bio**

Diego Coglitore holds a degree in Biomedical Engineering from the University of Rome “Sapienza” and a PhD in Nanoscience from the University of Liverpool. After graduating he first worked in industry as head of production in a biomedical device company (Rieti), and then decided to start a career as a researcher, working in UK (University of Liverpool), then in France (Institut Européen des Membranes, Montpellier) and finally in Italy (CNR Nanotec, Lecce). He then moved to R&D consultancy, working on both European and national research and development projects, finally joining APRE in 2022. Here, he deals with the activities related to Horizon Europe Cluster 4 – Digital, Industry and Space and with the management of the NCP4Industry project, the network of National Contact Points for Cluster 4. During his career he has participated in European R&D projects at several TRLs both as a researcher and manager: Horizon Europe and Horizon 2020 projects, Life Programme, Urban Innovation Action, Connecting European Facilities, European Innovation Council.
