

NECTM7

Northern European
Conference on Travel Medicine
Stockholm May 2-4 2018

Wednesday May 2nd

Time	Banquet Hall	Time	Session room C10
13.00	Registration opens		
13.30	Nurse reception		
15.00-15.30	Opening session <i>Annika Holm, Chair-Local Organising Committee</i> <i>Helena Hervius, Asklings Chair Scientific Committee</i> <i>Eva Röse Swedish, Unicef Goodwill ambassador</i>		
15.30-16.00	Plenary: Highlights of the Travel Medicine Literature since NECTM6 - <i>Gerard Flaherty</i> Chairs: G. Sonder, M. Jertborn		
16.00-16.30	Plenary: Tick-Borne Encephalitis – an overview - <i>Lars Lindqvist</i> Chairs: G. Sonder, M. Jertborn		
16.30	Welcome Mingle in the exhibition hall		
18.00	Dinner buffet at Stockholm City Hall, hosted by Stockholm City & Stockholm County Council (buses departs from Clarion Hotel Stockholm at 17.30)		

Thursday May 3rd

Time	Banquet Hall	Time	Session room C10
07.30-08.15	Sponsored Breakfast Symposium by Sanofi (pre-registrations only)		
08.30-09.00	Workshop: Social media and digital counselling - <i>Dipti Patel & Sarah Kohl</i> Chairs: G. Flaherty, G. Kassianos	08.30-09.00	Knowledge Byte: Borreliosis - <i>Marika Nordberg</i> Chairs: S. Vene, A. Mickiene
Symposium session: Antibiotic resistance - Travelling Around Chairs: G. Flaherty, G. Kassianos		Free communication session Chairs: S. Vene, A. Mickiene	
09.00-09.30	Antibiotic Resistance - travelling with birds - <i>Jonas Bonnedahl</i>	09.00-09.15	Changing epidemiology of TBE in Germany and its impact for travellers - <i>Gerhard Dobler</i>
		09.15-09.30	Outbreak of tick-borne encephalitis transmitted by unpasteurized goat's milk and cheese in Germany, June 2016 - <i>Alexander Lindau</i>
09.30-10.00	Puzzling Travellers' diarrhea - increasingly resistant pathogens and travellers overusing antibiotics - <i>Anu Kantele</i>	09.30-09.45	Long-term antibody persistence prediction for a tick-borne encephalitis vaccine using statistical modeling - <i>Valerie Berlaumont</i>
		09.45-10.00	Tick borne-encephalitis (TBE) vaccine failures in Stockholm County, Sweden 2006-2015 - <i>Karin Hansson</i>
10.00-10.30	ECDC and Antimicrobial resistance: consequences for international travellers - <i>Dominique Monnet</i>	10.00-10.15	TBE vaccination among the ageing: a randomized, controlled, open-label study on immunogenicity of FSME-Immun®. - <i>Elina O. Erra</i>
		10.15-10.30	"Die Gartenstudie" - An Analysis of Tick Density and Pathogen Prevalence in selected Gardens of Baden-Württemberg - <i>Marco Drehmann</i>
10.30-11.00	Coffee in the Exhibition Hall & Free Communication Poster Exhibition		

Symposium session: Adventure Medicine – high up, hot, cold and coming home again Chairs: T. Jelinek, L. Bramham		Free communication session Chairs: C. Maguire, S. Grieve	
11.00-11.30	Expedition Medicine - what to consider when? - <i>Olivia Kiwanuka</i>	11.00-11.15	Notifiable and other relevant infectious diseases in refugees and asylum seekers in a major reception center in Munich, Germany - <i>Martin Alberer</i>
		11.15-11.30	Carriage of methicillin-resistant Staphylococcus aureus among refugees admitted to hospital - <i>Tuomas Aro</i>
11.30-12.00	Travelling in cold climate - <i>Michael Tipton</i>	11.30-11.45	OEV-123 - A clinical trial on an oral inactivated etec vaccine, ETVAX - <i>Anu Kantele</i>
		11.45-12.00	Malaria imported in Sweden 1995-2015: a nationwide retrospective study - <i>Andreas Wångdahl</i>
12.00-12.30	Repatriation of travellers - experience from SOS International - <i>Heli Siikamäki</i>	12.00-12.15	Malaria in Eritrean migrants newly arrived in Europe, 2011 to 2016 - <i>Klara Sondén</i>
		12.15-12.30	Cutaneous, mucocutaneous and visceral leishmaniasis in Sweden 1996-2016: A retrospective study of treatment and outcome - <i>Hedvig Glans</i>
12.30-14.00	Sponsored Lunch Symposium by Valneva (pre-registrations only)		
Symposium session: Tick borne diseases – a global and broad spectrum Chairs: H D. Nothdurft, H. Siikamäki		Workshop session Chairs: P. Voltersvik, L. Boyne	
14.00-14.30	Tropical Tick Borne Diseases - <i>Philippe Parola</i>	14.00-14.30	New initiatives in Travel Medicine education - <i>Eric Walker</i>
14.30-15.00	Tularemia in Europe: who is at risk, where and when? - <i>Anders Johansson</i>	14.30-15.00	Travel Medicine Practices in different countries - <i>Sandra Grieve, Charlotta Zacharias & Miriam van de Watering</i>
15.00-15.30	Coffee in the Exhibition Hall & Free Communication Poster Exhibition		
Symposium session: New vaccines and recommendations Chairs: L. Dotevall, A. Koch		Workshop session Chairs: A. Kantele, M. Angelin	
15.30-16.00	Borreliosis vaccine – when and how? - <i>Tomas Jelinek</i>	15.30-16.00	Fever in returned travelers: case discussions - <i>Hilmir Asgeirsson & Anu Kantele</i>
16.00-16.30	Ebola vaccine - and now? - <i>Sara Viksmoen Watle</i>	16.00-16.30	Preparing the gut for travel - <i>Gunnar Hasle</i>
16.30-17.00	Duration of protection by Tick-Borne Encephalitis (TBE) vaccines: opening a debate - <i>Robert Steffen (second author Dr. Ekkehardt Altpeter)</i>	16.30-17.00	Pediatric case discussions - <i>Shirely Molitor-Kirsch, Sarah Kohl & Lynda Bramham</i>
19.00	Banquet Dinner at Solliden		

Friday May 4th

Time	Banquet Hall	Time	Session room C10
08.30-09.00	Knowledge Byte: Ticks - who are they and what do they carry? - <i>Lydia Chitimia-Dobler</i> Chairs: L. Lindqvist, L. Bramham	Free communication session Chairs: A. Koch, G. Hasle	
		08.30-08.45	Travelers' diarrhoea: stool pathogen findings with respect to presence of symptoms and time since onset - <i>Tinja Lääveri</i>
		08.45-09.00	A single center randomized open-label clinical trial to assess the immunogenicity and safety of a one visit dosing regimen of intradermal Purified Chicken Embryo Cell Rabies Vaccine in adults with and without topical imiquimod - <i>Patrick Soentjens</i>
Symposium session: Malaria – epidemiology, immunology and vaccines Chairs: L. Lindqvist, L. Bramham		09.00-09.15	Pre-travel malaria advice calls to a national telephone advice line for health professionals - <i>Dipti Patel</i>
09.00-09.30	Malaria epidemiology - <i>Andreas Björkman</i>	09.15-09.30	Symptoms of infectious diseases in HIV positive travelers: A prospective study with exposure-matched controls - <i>Franciska Suryapranata</i>
09.30-10.00	Malaria in travelers and migrants; immunological and clinical aspects - <i>Anna Färnert</i>	09.30-09.45	Health challenges of international travel for obese patients: a qualitative study - <i>Gerard Flaherty</i>
		Workshop session Chairs: L. Dotevall	
10.00-10.30	Malaria vaccines – where are we now? - <i>Lars Hviid</i>	09.45-10.30	Increased risk for leishmaniasis in patients with immunomodulatory treatment after visits to Leishmania endemic areas in Spain - <i>Helena Hammarström, Ann-Marie Calander & Leif Dotevall</i>
10.30-11.00	Coffee in the Exhibition Hall & Free Communication Poster Exhibition		

Symposium session: The most common ones... Chairs: S. Villumsen, H. Asgeirsson		Free communication session Chairs: A. Rosdahl, C. Maguire	
11.00-11.30	Hepatitis: travelers risk and how to address them - <i>Gerard Sonder</i>	11.00-11.15	Managing Menstruation in Extreme Environments - Research Survey - <i>Tania John</i>
		11.15-11.30	Dientamoeba Fragilis and Giardia Lamblia - Comparison of clinical picture of the two protozoan - <i>Jukka-Pekka Pietilä</i>
11.30-12.00	Definitions of Travelers Diarrhea and revisiting causes - <i>Tinja Lääveri</i>	11.30-11.45	Intake of antibiotic correlates rather with incapacitation level of diarrhoea than with severity of the disease - <i>Katri Vilkmann</i>
		11.45-12.00	Impact of Noncommunicable Diseases on Severity of Plasmodium falciparum Malaria - <i>Katja Wyss</i>
12.00-12.30	Influenza and Travel - <i>George Kassianos</i>	12.00-12.15	Influence of obesity on humoral and cellular responses to TBE (Tick-Borne Encephalitis) vaccinations - <i>Angela Guzek</i>
		12.15-12.30	Allergic patients with and without allergen-specific immunotherapy mount protective immune responses to tick-borne encephalitis vaccination in absence of enhanced side effects or propagation of their Th2 bias - <i>Erika Garner-Spitzer</i>
12.30-14.00	Sponsored Lunch Symposium by GSK (pre-registrations only)		
Symposium session: Vaccines Chairs: M. Jertborn, T. Jelinek		Workshop session Chairs: G. Sonder, L. Boyne	
14.00-14.30	Yellow fever vaccine regulations - an update - <i>Dipti Patel</i>	14.00-14.30	HIV Pre-Exposition Prophylaxis for travelers- for whom and when? - <i>Susanne Strömdahl</i>
14.30-15.00	Research efforts to develop new enteric vaccines for travelers and populations in endemic countries - <i>Ann-Mari Svennerholm</i>	14.30-15.00	Female Genital Mutilation - travel counselling as a way to prevent? - <i>Karen Rudd & Jennifer Anderson</i>
15.00-15.30	Coffee in the Exhibition Hall & Free Communication Poster Exhibition		
15.30-16.00	Plenary: Malaria chemoprophylaxis for travelers - status 2018 - <i>Patricia Schlagenhauf</i> Chairs: A. Färnert, G. Flaherty		
16.00-16.30	Plenary: ECDC: Epidemic intelligence and risk assessment at your service - how can Travel Medicine benefit? - <i>Kaja Kaasik-Aaslav</i> Chairs: A. Färnert, G. Flaherty		
16.30-16.45	Closing remarks & Prizes		

Preliminary program. Changes may apply. Last updated: 2018-04-13
