# NECTM9

Northern European  
Conference on Travel Medicine  
Denmark Copenhagen May 22-24

## **Welcome to NECTM 9 Sponsorship & Exhibition opportunities**

**We are delighted to invite you to participate at the :**  
**9th Northern European Conference on Travel Medicine, NECTM 9.**  
**May 22-24, 2024 in Copenhagen, Denmark**

NECTM was founded by twelve travel health organisations and societies in eight countries to meet common educational needs in an expanding multidisciplinary field of Travel Medicine. The first biennial conference was successfully organized in Edinburgh in 2006 followed by Helsinki, Hamburg, Dublin, Bergen, London and Stockholm. More than 500 travel medicine specialists and practitioners across Europe and internationally meet every other year with a smile on their faces to update on science, to discuss, interact, learn and enjoy. Every NECTM is unique and reflects current scientific challenges as well as specific travel medicine issues.

For NECTM9 we expect to attract approx. 500-600 delegates to join us in Copenhagen to learn about the latest developments in the field of travel medicine. It provides a perfect opportunity for you to promote new and innovative technologies, products and services. Our target audience includes travel medicine and health practitioners, general practitioners, infectious disease and tropical medicine specialists, researchers, nurses, pharmacists and students.

**Meet new contacts and strengthen key relationships**

Maximizing network opportunities for our delegate is an important priority. We work hard to provide places for formal and informal networking. Dedicated meeting spaces include an integrated exhibition hall where all refreshments will be served.

Exhibition Organizer and Congress Secretariat MKON AB is appointed the official Professional Conference Organizer for this Conference and will handle all the contacts regarding the exhibition and sponsorship.

Please visit the website [www.nectm9.com](http://www.nectm9.com)
