

CONGRESS OF THE NORDIC ASSOCIATION OF OTOLARYNGOLOGY

May 31st - June 3rd 2017 • Gothenburg • Sweden

| Display No. | Title | First name | Last name |
|-------------|--|--------------------|------------------------|
| 31 | Patient reported outcome of pain after tonsil surgery: An analysis of 32,225 children from the National Tonsil Surgery Register in Sweden 2009-2016 | Fredrik | Alm |
| 37 | The effect of REM and non-REM Sleep versus Sleep Position on the Severity of Obstructive Sleep Apnoea | Raquel | Alves |
| 4 | Virtual reality simulation training of mastoidectomy improves residents' cadaveric dissection performance | Steven Arild Wuyts | Andersen |
| 63 | Prophylactic percutaneous endoscopic gastrostomy in advanced head and neck cancer does not cause long-term swallowing problems: A randomized controlled study | Lars | Axelsson |
| 23 | New evidence of increased risk of rhinitis in subjects with COPD: a longitudinal population study | Joel | Bergqvist |
| 25 | Recurrent Epistaxis Due To Hirudinea A Rare Cause - A Case Report | Dr Shenny | Bhatia |
| 16 | Autoinflation for treatment of Otitis Media with Effusion-A Review of the Literature | armin | Bidarian-Moniri |
| 18 | Long-term Results of Autoinflation Compared to Grommet Surgery for Treatment of Secretory Otitis Media | armin | Bidarian-Moniri |
| 35 | The Effect of Prone Positioning on Obstructive Sleep Apnoea | Armin | Bidarian-Moniri |
| 36 | Positional Therapy for Obstructive Sleep Apnoea- Past, Present and Future | armin | Bidarian-Moniri |
| 66 | Tumor and nodal metastatic volumes and HPV status as prognostic markers in oropharyngeal cancer patients | Timo | Carpén |
| 8 | A comparison of different techniques in transmastoid surgery for superior canal dehiscence syndrome | Niklas | Danckwardt-Lillieström |
| 47 | Minimally invasive approaches in thyroid surgery | Lucie | Dostálová |
| 29 | Experiences of a new self-report instrument for post-operative recovery in children | Elisabeth | Ericsson |
| 30 | Self-reported postoperative recovery in children after tonsillectomy compared to tonsillotomy | Elisabeth | Ericsson |
| 50 | Synchronized videoradiography, s-EMG and manometry. A study of oro-pharyngeal swallowing in healthy volunteers | Arman | Eskandari pour |
| 6 | The fate of the facial nerve after microsurgical removal of the vestibular schwannoma | Zdenek | Fik |
| 5 | 10 year of vestibular schwannoma surgery-the Sahlgrenska experience | Rut | Florentzson |
| 13 | Vestibular Function After Cochlear Implantation: A Comparison of Three Types of Electrodes | jonas | frodlund |
| 60 | Incidence and survival in sino-nasal cancer: a nationwide study from 1980 to 2014 | Charlotte | Geneser |
| 58 | Retrospective study of patients diagnosed with Nasopharyngeal carcinoma at Karolinska University Hospital from 2000 to 2010 | Evelina | Gille |
| 15 | The Swedish Grommet Register - an Evaluation of Hearing Outcomes and Reasons for Surgery | Marie | Gisselsson-Solen |
| 26 | Trismus and jaw related problems in patients with midfacial fractures | Martina | Grinups |
| 33 | Nasal steroid treatment for pediatric sleep disordered breathing - a randomized, double-blinded, placebo controlled study | Gunnhildur | Gudnadottir |
| 51 | Within-bolus variability of the Penetration-Aspiration Scale across two subsequent swallows in patients with head and neck cancer | Johanna | Hedström |
| 52 | Correlations between patient-reported dysphagia and penetration-aspiration scores in head and neck cancer patients post-oncological treatment | Johanna | Hedström |
| 45 | tracheal resection - an efficient treatment of tracheal stenosis | Malene | Hentze |
| 62 | Long-term outcome and Toll-like receptor 5 and 7 expression in adenoid cystic carcinoma of major salivary gland | Karoliina | Hirvonen |
| 42 | Sialendoscopy under local anaesthesia: our experience | Johanna | Jokela |
| 68 | Metastasis of cutaneous squamous cell carcinoma in the head and neck region in western region of Sweden. | Olle | Jonasson |
| 65 | Changing profile of oropharyngeal squamous cell carcinoma in Finland | Lauri | Jouhi |
| 14 | Ready Steady Go: Optimization of a Process - Assessment and Planning for Cochlear Implantation for Children and Adults | Radi | Jönsson |
| 27 | Presence of Weber's glands in the peritonsillar space | Enni | Kaltainen |
| 54 | Well-being of relatives to patients with radiotherapy-treated laryngeal cancer: a pilot study | Therese | Karlsson |
| 40 | transoral robotic surgery: feasibility and learning curve | Thomas | Kjaergaard |
| 28 | Peritonsillar abscess: complication of acute tonsillitis or Weber's glands infection? | Tejs Ehlers | Klug |
| 61 | Incidence, survival, and progression in children, adolescents and young adults with head and neck soft tissue sarcomas: a nation-wide study from 1978-2014 | Christian Mirian | Larsen |
| 12 | Asking about dizziness when turning over in bed - A simplistic assessment of positional symptoms predicts diagnosis of benign paroxysmal positional vertigo (BPPV) | Ellen | Lindell |
| 17 | Auto-inflation for treatment of serous otitis media | Hélder | Lousada |

| | | | |
|----|---|----------------|----------------|
| 39 | Demographic Factors Affecting the Responsiveness to Prone Positional Therapy for Obstructive Sleep Apnea | Hélder | Lousada |
| 69 | Voices of public involvement – the coverage of patient involvement in a Swedish patient cancer magazine | Jörgen | Lundälv |
| 9 | Balloon Eustachian tuboplasty under local anesthesia: Is it feasible? | Veera | Luukkainen |
| 19 | Dental evaluation in unilateral maxillary sinusitis: a case series | Don | Ly |
| 41 | Plunging ranula - patient characteristics, treatment and comparison between different populations | Annina | Lyly |
| 43 | Percutaneous dilatational tracheotomy – a new safe technique | Gregori | Margolin |
| 2 | Normative data for diagnosing Auditory Processing Disorder in Norwegian Children aged 7-12 years. | Tone Stokkerei | Mattsson |
| 20 | Microbial etiology of acute rhinosinusitis during pregnancy | Laura | Mäkinen |
| 48 | Bacterial flora of the esophagus in subjects with esophagitis | Elisabeth | Norder Grusell |
| 49 | GerdQ has a diagnostic value in subjects with atypical symptoms of Gastroesophageal Reflux Disease | Elisabeth | Norder Grusell |
| 24 | Factors associated with symptom relief in septoplasty | Lars | Pedersen |
| 38 | The Effect of the Prone Head Position on Respiratory Parameters in Obstructive Sleep Apnoea | Pedro | Reboredo |
| 11 | Performance of a future transcutaneous bone conduction implant measured as mechanical vibrations | Erik | Renvall |
| 44 | Two rare cases of laryngeal intralymphatic histiocytosis | Martin | Reznitsky |
| 56 | Detection of distant metastases and synchronous cancer in oral, pharyngeal, and laryngeal cancer: A blinded prospective paired diagnostic study comparing chest X-ray and chest CT to 18 F-FDG-PET/CT | Max | Rohde |
| 64 | Prospective experience of percutaneous endoscopic gastrostomy tubes placed by otorhinolaryngologist - head and neck surgeons – as safe and beneficial | Johanna | Ruohoaho |
| 57 | A prospective randomized study of PET screening in the follow-up of patients with complete remission nine months post definitive treatment of head and neck cancer - the PET-FUP study | Karl | Sandström |
| 3 | Single sided congenital conductive hearing loss: Central mapping | Malin | Siegbahn |
| 1 | Is the working capacity of people with hearing problems particularly vulnerable to stress and fatigue symptoms? | Marcus | Sjöström |
| 34 | Efficacy of Uvulopalatopharyngoplasty SKUP3 on sleep quality using the Karolinska Sleep Questionnaire and the Functional Outcome of Sleep Questionnaire | Joar | Sundman |
| 22 | Chronic rhinosinusitis in relation to occupational exposures - the Telemark population study | Ulrika K E | Svensson |
| 32 | Metabolomics and Genes Expression Patterns in Tonsil Tissue after Oral Administration of Lactobacillus rhamnosus GG | Elisa | Swanljung |
| 46 | Bilateral Tapia syndrome – case report | Jaroslav | Sýba |
| 55 | Early mortality after treatment for Head and Neck cancer – Who and Why? | Charbel | Talani |
| 10 | Long-term results of 275 consecutive bone-anchored hearing aid implantations. | Tine | Thorkilgaard |
| 21 | Bacterial findings in optimized sampling and characterisation of S. aureus in chronic rhinosinusitis | Ulrica | Thunberg |
| 53 | Health Related Quality of Life and communication for irradiated laryngeal cancer survivors from pre-treatment to 24 months post-radiotherapy | Lisa | Tuomi |
| 59 | Cancer of the nasal cavity and sinuses: Treatment and survival in the Swedish population | Anders | Westerborn |
| 67 | Surgery for tongue cancer. Does reconstruction improve survival? | Anders | Westerborn |
| 7 | Postoperative complications after Translabyrinthine surgery of Vestibular Schwannoma – increased risk related to age? | Christine | Ölander |
