

NNC2023

3rd Nordic Neurotrauma Conference
November 27- 29 2023, Lund, Sweden

Monday November 27th 2023

09.00-10.00	Registration
10.00-11.30	Poster session
11.30-12.00	Coffee, light lunch, posters & exhibition
12.00-12.15	Welcome
12.15-13.00	Introductory Lecture Knowledge gaps in TBI <i>Giuseppe Citero</i>
13.00-13.45	Epidemiology Trends of epidemiology of TBI in Europe <i>Marek Majdan</i> Trends of epidemiology of spinal trauma in Europe <i>Bart Depreitere</i>
13.45-14.15	Coffee, posters & exhibition
14.15-15.45	Prehospital care and emergency medicine The role of a neurosurgeon in the field? <i>Mark Wilson</i> Guidelines and current evidence <i>Fiona Lecky</i> The role of pre-hospital biomarkers <i>Sofie Seidenfaden</i> Mild TBI in children <i>Fredrik Wickbom</i> Hemorrhage after mild TBI <i>Alexander Fletcher Sandersjö</i> Risk factors for lesions after TBI
15.45-16.05	Case discussion
16.05-16.30	Coffee break and poster session
16.30-17.30	Sports injuries An update on the management of sports concussions <i>Grant Iverson</i> Long term neurodegeneration after sports concussion <i>Willie Stewart</i>
19.00-23.00	Get together at AF-borgen

NNC2023

3rd Nordic Neurotrauma Conference
November 27- 29 2023, Lund, Sweden

Tuesday November 28th 2023

08.30-09.00	Poster session
09.00-10.00	Imaging The role of MRI in acute TBI <i>Kent Göran Moen</i> Imaging of chronic TBI <i>David Sharp</i> I maging in pediatric TBI <i>Inga Körte</i>
10.00-10.20	Abstract
10.20-10.30	Case discussion
10.30-11.00	Coffee, posters & exhibition
11.00-12.05	Neurosurgical Care Surgical treatment of blunt head injury <i>TBA</i> Penetrating head injuries <i>Elham Rostami</i> Chronic subdural hematomas <i>Thorbjorn Ronn Jensen</i> Coagulation in TBI <i>Jakob Stensballe</i>
12.05-12.20	Abstract
12.20-12.30	Case discussion
12.30-13.30	Lunch, posters & exhibition
13.30-13.45	Info from SNC
13.45-15.05	Controversies in TBI & spine injury Prophylactic anti-epileptic drugs- to give or not? <i>TBA</i> The role for a cervical collar in spine fractures? <i>Tor Brommeland</i> Timing and techniques in cranioplasty <i>Jussi Posti</i> Age limits in craniotomy or neurointensive care? <i>Alfonso Lagares</i> Embolization of chronic subdural hematomas <i>Johan Waselius</i>
15.05-15.30	Coffee, posters & exhibition
15.30-16.30	Neurotrauma in war The role of the neurosurgeon in the warzone <i>Jens Jakob Riis</i> Blast injuries <i>Mårten Risling</i> Long term effects <i>Grant Iverson</i>
16.30-16.40	Abstract
16.40-17.10	Sponsored symposium
17.10-18.00	Poster session
19.00-23.00	Banquet dinner at AF-Borgen

NNC2023

3rd Nordic Neurotrauma Conference
November 27- 29 2023, Lund, Sweden

Wednesday November 29th 2023

08.30-09.00	Poster session
09.00-10.05	Spine Basic principles in SCI injury: MAP,steroids, timing of surgery <i>Niklas Marklund</i> Update on experimental surgical treatment for SCI <i>Marios Papadopoulos</i> Management of post-traumatic syringomyelia <i>Øystein Nygaard</i> Funcional surgery on patients with SCI: Baklofen pumps, epidural and motorcortex stimulation <i>Mark Zuchner</i> Management of SCI in the Nordic countries <i>Johan Undén</i> Panel discussion: How can treatment be further optimized? <i>Tor Brommeland</i>
10.05-10.20	Abstract
10.20-10.30	Case discussion
10.30-11.00	Coffee, posters & exhibition
11.00-12.10	Neurointensive Care Monitoring in TBI (past, present, futue) <i>David Nelson</i> Autoregulation in the Neuro-ICU management <i>Marcel Aries</i> Transfusion in TBI <i>Heidi Vanhala</i> The effect of nursing interventions on intracranial pressure <i>Lena Nyholm</i>
12.10-12.20	Abstract
12.20-12.35	Case discussion
12.35-13.30	Light lunch, posters & exhibition
13.30-14.40	Outcome and Rehabilitation Multimodal prediction of outcome after TBI <i>Andras Buki</i> Guidelines for management of rehabilitation in MTBI /pediatrics <i>Catharina Nygren de Boussard</i> Adaptation to society after TBI <i>Olli Tenovuo</i> Prediction of outcome after spinal cord injury <i>Mona Ström</i>
14.40-14.50	Abstract
14.50-15.00	Case discussion
15.00-15.15	Best Abstract Award
15.15-16.00	Farewell lecture Future multidisciplinary trends in the treatment of spinal injuries <i>Marios Papadopoulos</i>
16.00-16.15	Farewell
